## PROGRAMME REPORT

**Name of the Programme** : A Two-week certificate course on Medical Coding and Billing Fundamentals

**Academic Year** : 2022-2023

**Date** : 11-07-2022 to 23 -07-2022

**Venue** : Lecture Hall-4

**Number of Participants** : 63

<b>Resource person</b>	<b>Mr.B.Santosh kumar</b> M. Pharm, <b>Asst Professor</b> <b>Sri Sivani College of Pharmacy</b> <b>9398002696</b> <b>Email Id: bonisantosh45@gmail.com</b>
<b>Programme Co-Ordinator</b>	<b>Mrs. M.Sayamma</b> M. Pharm, <b>Asst. Professor</b> <b>Sri Sivani College of Pharmacy</b>

### Objectives of Programme:

1. To introduce participants to the fundamentals of medical coding and billing practices.
2. To provide a comprehensive understanding of the CPT, ICD-10, and HCPCS code sets.
3. To teach students how to accurately translate medical procedures and diagnoses into codes.
4. To familiarize participants with healthcare reimbursement systems and insurance claims.
5. To prepare students for entry-level positions in medical coding and billing.

## Topics Covered:

- 1: Introduction to Medical Coding and Billing
- 2: Healthcare Systems and Terminology
- 3: Anatomy and Physiology Basics
- 4: ICD-10-CM Coding Fundamentals
- 5: CPT Coding Basics
- 6: E/M Coding and Documentation
- 7: Health Insurance and Payer Systems
- 8: Revenue Cycle Management
- 9: Compliance and Ethics in Medical Billing
- 10: CPC exam and Conclusion

## Outcomes of Programme:

1. Participants will be proficient in assigning accurate medical codes for diagnoses and procedures.
2. Students will gain a deep understanding of compliance and ethical considerations in coding and billing.
3. Graduates will be equipped to handle medical billing software and insurance claims processing.
4. Participants will develop the skills necessary to communicate effectively with healthcare providers and insurance companies.
5. Graduates will be well-prepared to seek employment in the medical coding and billing field

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

### Objectives of Programme:

The two-week certificate course on "Mobile Health Applications" aims to provide participants with a comprehensive understanding of mobile health technologies, their applications in healthcare, and the skills necessary to develop and implement effective mobile health solutions. Participants will gain insights into the evolving landscape of mobile health, including the use of smartphones, wearables, and health-related apps, and learn how these technologies can enhance healthcare delivery, patient engagement, and health outcomes. The course will cover topics such as mobile app development, data security, regulatory considerations, and the evaluation of mobile health interventions.

### **Topics Covered:**

Day 1: Introduction to Mobile Health Applications and Healthcare Trends

Day 2: Mobile App Development Basics and Tools

Day 3: User Interface (UI) and User Experience (UX) Design for Health Apps

Day 4: Data Security and Privacy in Mobile Health

Day 5: Mobile Health App Testing and Quality Assurance

Day 6: Mobile Health App Deployment and Distribution

Day 7: Integrating Health Data and Wearable Devices

Day 8: User Engagement and Behavior Change Strategies

Day 9: Regulatory Compliance and Legal Considerations

Day 10: Case Studies and Future Directions in Mobile Health Applications

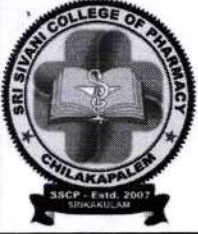

### **Outcomes of Programme:**

1. Successful participants will acquire knowledge and skills for utilizing mobile health applications in healthcare effectively.
2. They will be proficient in designing, developing, and evaluating solutions for real healthcare issues using mobile technology.
3. Participants will grasp the ethical and regulatory dimensions of mobile health, ensuring compliance with industry standards and data security.
4. Graduates will be empowered to contribute to healthcare advancement through innovative mobile technologies.

The students are actively participated in course Programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

## PROGRAMME REPORT

**Name of the Programme** : A Two-week certificate course on Medication Dispensing  
Automation Systems

**Academic Year** : 2022-2023

**Date** : 01-02-2023 to 14-02-2023

**Venue** : Lecture Hall-1

**Number of Participants** : 84

<b>Resource person</b>	<b>Mrs.T. Anusha</b> M. Pharm, <b>Assistant Professor</b> Sri Sivani College of Pharmacy 9705200636 Email Id: tamminanaanu@gmail.com
<b>Programme Co-Ordinator</b>	<b>Mrs.D.V.Padmavathi</b> M. Pharm, <b>Assistant Professor</b> Sri Sivani College of Pharmacy

### Objectives of Programme:

1. Equip participants with a comprehensive understanding of medication dispensing automation systems.
2. Familiarize students with the various types of automation systems used in healthcare settings.
3. Focus on ensuring safety, compliance, and efficient workflow integration.
4. Provide hands-on experience in using and maintaining automated dispensing technology.
5. Enable participants to interface these systems with Electronic Health Records for seamless patient care

### **Topics Covered:**

Day 1: Introduction to Medication Dispensing Automation.

Day 2: Types of Medication Dispensing Systems.

Day 3: Safety and Regulatory Compliance.

Day 4: Workflow Integration with Automation.

Day 5: Practical Lab Session on Automated Dispensing.

Day 6: Medication Inventory Management.

Day 7: Error Prevention and Reporting.

Day 8: Interfacing with Electronic Health Records

Day 9: Maintenance and Troubleshooting.

Day 10: Conclusion

### **Outcomes of Programme:**

1. Graduates will possess in-depth knowledge of medication dispensing automation, enhancing their career prospects in healthcare.
2. Participants will be able to select and implement the most suitable automation solutions in healthcare facilities.
3. Improved patient safety through the prevention and reporting of medication errors.
4. Enhanced healthcare operations with efficient medication inventory management.
5. Certification will validate graduates' expertise in medication dispensing automation, ensuring they meet industry standards.

The students are actively participated in course Programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

## ABOUT COLLEGE:

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town.

**Registration Free  
For In-House  
Students**

## Vision:

- To be an Institute committed to create highly dedicated, globally skilled Pharmacy Professionals.

## Mission:

- To make pharmacy education more accessible to all the rural communities.
- To promote healthcare partnerships and industry programs and fulfill the requirements of industries.
- To promote and disseminate pharmaceutical knowledge through quality teaching and research to improve the health of everyone.
- To execute our mission, we employ creative and established educational methods to produce pharmacists with the skills and knowledge to serve society ethically and professionally.

## Topic to be covered:

- Day 1: Introduction to Advanced Clinical SAS Programming
- Day 2: Data Manipulation and Transformation Techniques
- Day 3: SDTM and ADAM Datasets Creation
- Day 4: Data Validation and Quality Control
- Day 5: Regulatory Compliance and Documentation
- Day 6: Advanced Statistical Analysis with SAS
- Day 7: Clinical Trial Reporting and Visualization
- Day 8: Hands-on Practical Exercises
- Day 9: Real-world Case Studies
- Day 10: Final Project Presentation

<b>Programme Co-Ordinator</b>	<b>Ms.D.Usha Rani</b> <b>M. Pharm,</b> <b>Asst.Professor</b> <b>Sri Sivani College of Pharmacy</b>

### Objectives of Programme:

- To deepen participants' knowledge of Clinical SAS programming and data analysis.
- To enhance proficiency in advanced SAS techniques for clinical trials data.
- To teach best practices for data cleaning, validation, and regulatory compliance.
- To enable participants to perform advanced statistical analyses using SAS.
- To prepare students for roles in clinical research and data analysis in the healthcare industry

## Topics Covered:

Day 1: Introduction to Advanced Clinical SAS Programming

Day 2: Data Manipulation and Transformation Techniques

Day 3: SDTM and ADAM Datasets Creation

Day 4: Data Validation and Quality Control

Day 5: Regulatory Compliance and Documentation

Day 6: Advanced Statistical Analysis with SAS

Day 7: Clinical Trial Reporting and Visualization

Day 8: Hands-on Practical Exercises

Day 9: Real-world Case Studies

Day 10: Final Project Presentation

## Outcomes of Programme:

1. Participants will be proficient in programming and manipulating clinical data using SAS.
2. Students will gain expertise in SDTM and ADaM datasets creation and validation.
3. Graduates will be capable of producing regulatory-compliant outputs and documentation.
4. Participants will be skilled in advanced statistical modelling and analysis using SAS.
5. Graduates will be well-equipped to contribute effectively to clinical research teams.

The students are actively participated in course Programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

## PROGRAMME REPORT

Name of the Programme: A Two-week certificate course on Bench to Beside Medicine

Academic Year : 2022-23

Date : 20-03-2023 to 01-04-2023

Venue : Lecture Hall-2

Number of Participants:81

Resource person	<b>Mrs.G. Ekshitha</b> M. Pharm, Assistant. Professor Sri Sivani College of Pharmacy 7901351407 Email Id: ekshitha97@gmail.com
Programme Co-Ordinator	<b>Mr.G.Sai Krishna</b> M. Pharm, Assistant. Professor Sri Sivani College of Pharmacy

### Objectives of Programme:

The two-week certificate course on "Bench to Bedside Medicine" aims to provide participants with a comprehensive understanding of the journey from laboratory research to clinical applications in medicine. Participants will gain insights into translational medicine, laboratory techniques, disease pathophysiology, clinical trial design, and ethical considerations in medical research. The course aims to equip learners with the knowledge and skills needed to bridge the gap between bench science and patient care, fostering a deeper appreciation for the interdisciplinary nature of modern healthcare

**Topics Covered:**

Day 1: Introduction

Day 2: Basic Research Techniques and Laboratory Safety

Day 3: Preclinical Models in Medical Research

Day 4: Drug Discovery and Development

Day 5: Ethical Considerations in Translational Medicine

Day 6: Clinical Trials and Regulatory Affairs

Day 7: Personalized Medicine and Genomics

Day 8: Biomarkers and Diagnostic Tools

Day 9: Translating Research into Clinical Practice

Day 10: Case studies and presentations

**Outcomes of Programme:**

Upon successful completion of the course, participants will have a firm grasp of the principles and practices involved in translating scientific discoveries into practical medical solutions. They will be proficient in laboratory techniques relevant to medical research, capable of critically evaluating disease pathophysiology, and well-versed in the ethical considerations surrounding clinical trials and patient care. Graduates of this program will be prepared to contribute meaningfully to the field of translational medicine, promoting advancements that directly benefit patients and improve healthcare outcomes.

## About College:

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town.

**Registration Free  
For In-House  
Students**

## Vision:

- To be an Institute committed to create highly dedicated, globally skilled Pharmacy Professionals.

## Mission:

- To make pharmacy education more accessible to all the rural communities.
- To promote healthcare partnerships and industry programs and fulfill the requirements of industries.
- To promote and disseminate pharmaceutical knowledge through quality teaching and research to improve the health of everyone.
- To execute our mission, we employ creative and established educational methods to produce pharmacists with the skills and knowledge to serve society ethically and professionally.

### Objectives of Programme:

The two-week certificate course on Scientific Writing for Pharma Professionals is designed with the primary objective of equipping participants with the essential knowledge, skills, and techniques required to excel in the art of scientific communication within the pharmaceutical industry. Through a comprehensive curriculum, this course aims to provide pharmaceutical professionals with a deep understanding of the principles of effective scientific writing, enabling them to author clear, concise, and impactful documents such as research papers, regulatory submissions, clinical trial reports, and pharmaceutical publications. Participants will learn how to navigate the intricate landscape of scientific literature, develop a mastery of ethical and compliance guidelines, and gain proficiency in structuring and presenting complex scientific information. Moreover, this course seeks to enhance participants' critical thinking abilities, fostering the capacity to critically evaluate and interpret scientific data. Ultimately, the course intends to empower pharmaceutical professionals to communicate their research findings,

Innovations, and insights effectively, advancing their careers and contributing to the advancement of pharmaceutical science and healthcare.

**Topics Covered:**

Day 1: Introduction to Scientific Writing Principles

Day 2: Literature Review and Citation Management

Day 3: Data Presentation and Visualization

Day 4: Regulatory Requirements in Pharma Writing

Day 5: Writing Research Articles and Abstracts

Day 6: Writing Clinical Study Reports

Day 7: Collaborative Writing and Peer Review

Day 8: Submission and Publication Strategies

Day 9: Ethics in Scientific Writing

Day 10: Practical Exercises and Mock Review

**Outcomes of Programme:**

1. Develop the ability to write well-structured research articles, reports, and regulatory documents.
2. Enhance proficiency in literature review, data presentation, and referencing.
3. Understand and apply industry-specific guidelines and regulatory requirements for scientific writing.
4. Improve communication skills for collaboration within multidisciplinary teams.
5. Gain practical insights into manuscript submission and the publication process.
