ABOUT COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town.

**Registration Free
For In-House
Students**

Vision:

- To be an Institute committed to create highly dedicated, globally skilled Pharmacy Professionals.

Mission:

- To make pharmacy education more accessible to all the rural communities.
- To promote healthcare partnerships and industry programs and fulfill the requirements of industries.
- To promote and disseminate pharmaceutical knowledge through quality teaching and research to improve the health of everyone.
- To execute our mission, we employ creative and established educational methods to produce pharmacists with the skills and knowledge to serve society ethically and professionally.

Topics Covered:

- Day 1: Introduction to Medical Scribing
- Day 2: Medical Terminology Fundamentals
- Day 3: Electronic Health Records (EHR) Training
- Day 4: Patient Interaction and Communication Skills
- Day 5: Documentation Guidelines and Ethics
- Day 6: Anatomy and Physiology Essentials
- Day 7: Common Medical Procedures Overview
- Day 8: Specialized Medical Fields and Terminology
- Day 9: Practicing Charting Documentation
- Day 10: Career opportunities in medical scribing

PROGRAMME REPORT

Name of the Programme : A Two-week certificate course on Medical Scribe Basics and Techniques

Academic Year : 2021-22

Date : 21-10-2021 to 03-11-2021

Venue : Lecture hall - 4

Number of Participants : 56

Resource person	Ms.M.Sayamma M. Pharm, Asst Professor Sri Sivani college of Pharmacy 7396265018 Email id:manjulakornu@gmail.com
Programme Co-Ordinator	Mr. P.Appalaswami M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The two-week certificate course on Medical Scribe Basics and Techniques aims to provide participants with a comprehensive understanding of medical documentation and scribing skills. Through a structured curriculum, participants will gain proficiency in medical terminology, electronic health records (EHR) usage, effective patient communication, documentation ethics, anatomy and physiology basics, and the nuances of charting for various medical specialties. By the end of the course, participants will be equipped with the knowledge and skills required to assist healthcare professionals in accurately and efficiently documenting patient encounters, ensuring the delivery of high-quality healthcare services.

Topics Covered:

- Day 1: Introduction to Medical Scribing
- Day 2: Medical Terminology Fundamentals
- Day 3: Electronic Health Records (EHR) Training
- Day 4: Patient Interaction and Communication Skills
- Day 5: Documentation Guidelines and Ethics
- Day 6: Anatomy and Physiology Essentials
- Day 7: Common Medical Procedures Overview
- Day 8: Specialized Medical Fields and Terminology
- Day 9: Practicing Charting Documentation
- Day 10: Career opportunities in medical scribing

Outcomes of Programme:

Participants will achieve the following outcomes:

1. Proficiency in medical terminology and communication skills for accurate patient interactions.
2. Competency in Electronic Health Records (EHR) navigation and documentation.
3. An understanding of ethical guidelines and standards for medical scribing.
4. Knowledge of basic anatomy, physiology, and common medical procedures.
5. Ability to effectively assist healthcare providers in charting and documentation tasks, preparing for a career as a medical scribe.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

Programme Co-Ordinator	Ms. P.Arunasai M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The two-week certificate course on Evidence-Based Medicine aims to equip participants with the essential knowledge and skills required to critically evaluate medical literature, make informed decisions based on the best available evidence, and apply evidence-based principles effectively in clinical and pharmacy practice. Through a comprehensive curriculum, participants will learn how to navigate medical databases, assess research quality, understand study designs, interpret systematic reviews, and incorporate evidence-based guidelines into their decision-making processes, ultimately enhancing their ability to provide optimal patient care and contribute to the advancement of evidence-based healthcare practices in the field of pharmacy.

Topics Covered:

1. Introduction to Evidence-Based Medicine (EBM) and its principles.
2. Literature searching techniques and databases.
3. Critical appraisal of research articles.
4. Study designs in EBM: Randomized Controlled Trials (RCTs) and Observational Studies.
5. Assessing the quality of evidence and grading recommendations.
6. Systematic reviews and meta-analyses in EBM.
7. Evidence-based clinical guidelines and practice.
8. Application of EBM in pharmacy practice.
9. Case studies and practical exercises in EBM.
10. Final assessment and certificate distribution

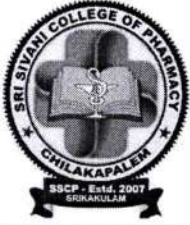

Outcomes of Programme:

The course outcomes for a two-week certificate course on Evidence-Based Medicine:

1. Develop a comprehensive understanding of the principles and foundations of Evidence-Based Medicine (EBM).
2. Acquire advanced skills in conducting literature searches, critically appraising research studies, and evaluating the quality of evidence.
3. Gain expertise in applying EBM principles to inform clinical decision-making and improve patient care in a pharmacy setting.
4. Master the art of synthesizing evidence from systematic reviews and meta-analyses to guide evidence-based practice.
5. Successfully apply EBM concepts through practical exercises and case studies, culminating in a certificate demonstrating proficiency in EBM in pharmacy.

PROGRAMME REPORT

Name of the programme : A Two week certificate course on Vaccine Safety and Surveillance in COVID-19 Vaccination Programs

Date : 15-12-2021 to 28-12-2021

Academic Year : 2021-2022

Venue : Lecture Hall -3

Resource Person	Ms .p. pavani M. Pharm Asst Professor Sri Sivani College of Pharmacy 8374212189 Email id : pavanipappala@gmail.com
Programme Co-Ordinator	Ms. I. Jhansi lakshmi M.Pharm. Asst.Professor Sri Sivani College of Pharmacy

Objectives of Programme: The objective of this comprehensive two-week certificate course is to equip healthcare professionals, researchers, and public health officials with in-depth knowledge and skills related to vaccine safety and surveillance specific to COVID-19 vaccination programs. Participants will gain a thorough understanding of the principles, methodologies, and best practices involved in monitoring and evaluating the safety of COVID-19 vaccines throughout their deployment. The course aims to foster an evidence-based approach to vaccine safety, enabling participants to effectively contribute to vaccine safety assessments, risk communication, and public health decision-making in the context of COVID-19 vaccination efforts

Topics Covered:

- 1: Introduction to Vaccine Safety and Surveillance in COVID-19 Vaccination Programs.
- 2: Fundamentals of Vaccine Pharmacovigilance and Adverse Event Reporting.
- 3: Vaccine Safety Databases and Signal Detection Methods.
- 4: Real-world Evidence and Post-Marketing Surveillance of COVID-19 Vaccines.
- 5: Vaccine Risk Communication and Public Perception.
- 6: Vaccine Safety Monitoring Systems and Global Surveillance Networks.
- 7: Managing Vaccine Safety Data: Analysis and Interpretation.
- 8: Safety Assessments of Specific COVID-19 Vaccine Platforms (mRNA, Viral Vector, etc.).
- 9: Safety Assessment of COVID-19 Vaccine Booster Doses and Combinations.
- 10: Strategies for Enhancing Vaccine Safety in COVID-19 Vaccination Campaigns.

Outcomes of Programme:

Upon successful completion of the course, participants will be equipped with the expertise to play a crucial role in ensuring the safety and efficacy of COVID-19 vaccines. They will have a comprehensive understanding of the various vaccine adverse event surveillance systems, tools, and reporting mechanisms employed globally. Participants will be capable of assessing and interpreting safety data, detecting and managing adverse events following immunization (AEFI), and implementing risk mitigation strategies. Additionally, attendees will gain proficiency in communicating vaccine safety information accurately and transparently to both healthcare professionals and the general public. As a result, participants will be prepared to actively contribute to COVID-19 vaccine safety monitoring and surveillance efforts, supporting the successful implementation of vaccination programs and contributing to the broader public health response to the pandemic.

Number of Participants: 60

The students are actively participated in course Programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

ABOUT COLLEGE:

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town. The campus is spread across 2.53 acres of pollution-free, picturesque, lush green surroundings, creating the right ambiance and conducive environment for quality education and research.

Vision:

- To be an Institute committed to create highly dedicated, globally skilled Pharmacy Professionals.

Mission:

- To make pharmacy education more accessible to all the rural communities.
- To promote healthcare partnerships and industry programs and fulfill the requirements of industries.
- To promote and disseminate pharmaceutical knowledge through quality teaching and research to improve the health of everyone.
- To execute our mission, we employ creative and established educational methods to produce pharmacists with the skills and knowledge to serve society ethically and professionally.

Programme Co-Ordinator	Ms. G. Anushanjali M. Pharm, Asst.Professor Sri Sivani college of Pharmacy

Objectives of Programme:

1. Provide participants with a comprehensive understanding of ethical principles and values within the pharmaceutical industry.
2. Foster knowledge of regulatory compliance, quality assurance, and ethical considerations in drug development and manufacturing.
3. Equip attendees with the skills to navigate complex ethical dilemmas in clinical trials, marketing, and pricing of pharmaceuticals.
4. Prepare participants to make informed, ethically sound decisions while promoting integrity and responsibility in the pharmaceutical sector.

Topics Covered:

1. Importance of integrity in pharmaceuticals
2. Ethical dilemmas in the pharmaceutical industry
3. Compliance programs and their significance
4. Quality management systems (QMS)
5. Ethical considerations in clinical trials
6. Reporting adverse events
7. Generic drugs and biosimilar
8. Counterfeit drugs and supply chain risks
9. Ethical Marketing and Promotion of Pharmaceuticals
10. Ethical Decision-Making in Pharma

Outcomes of Programme:

By the end of the two-week certificate course on Pharmaceutical Integrity, participants will have gained a comprehensive understanding of ethical principles, regulatory compliance, and quality assurance in the pharmaceutical industry. They will be equipped with the knowledge and skills necessary to navigate complex ethical dilemmas in areas such as clinical trials, marketing, and pricing of pharmaceuticals, as well as a deep awareness of intellectual property rights and their impact on innovation and access to medicines. Graduates of the course will be prepared to make informed, ethically sound decisions, promoting integrity and responsibility within the pharmaceutical sector, and contributing to the industry's commitment to ethical and sustainable practices

The students are actively participated in course Programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

Number of Participants : 26

Resource person	Mr.B.Akhil M. Pharm, Asst Professor Sri Sivani college of Pharmacy 9502816588 Email Id :akhilbotcha.94@gmail.com
Programme Co-Ordinator	Mr. U.Upendra Rao M. Pharm,(Ph.D) Associate Professor Sri Sivani college of Pharmacy

Objectives of Programme :

The two-week certificate course on SAP application in Pharmacy aims to:

1. Equip participants with comprehensive knowledge of SAP's role in pharmaceutical management.
2. Provide hands-on experience in utilizing SAP for inventory control, procurement, and sales in pharmacy settings.
3. Familiarize students with SAP's capabilities in pharmaceutical manufacturing and quality control.
4. Enable participants to generate insightful reports and ensure compliance with industry regulations using SAP.
5. Prepare students for a certification exam to validate their proficiency in SAP applications within the pharmacy sector.

Topics Covered:

Day 1: Introduction to SAP and Pharmacy Integration

Day 2: SAP Basics and Navigation

Day 3: Pharmacy Inventory Management in SAP

Day 4: SAP Procurement in Pharmacy

Day 5: SAP Sales and Distribution in Pharmacy

Day 6: Pharmaceutical Manufacturing with SAP

Day 7: Quality Control and Assurance in SAP

Day 8: SAP Reporting and Analytics for Pharmacy

Day 9: SAP Compliance and Regulatory Requirements

Day 10: SAP in Pharmacy Case Studies

Outcomes of Programme:

After successful completion of the two-week certificate course on SAP application in Pharmacy, participants will have gained a profound understanding of how SAP can be effectively leveraged within pharmaceutical management. They will have acquired practical skills in utilizing SAP for optimizing inventory, procurement, and sales processes, as well as enhancing pharmaceutical manufacturing and quality control. Post Graduates of the program will be proficient in generating insightful reports, ensuring regulatory compliance, and be well-prepared for a certification exam, equipping them to excel in pharmacy operations and contribute to the industry's evolving technological landscape

The students are actively participated in course Programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

N.H-16, Chilakapalem Jn., Etcherla Mandal, Srikakulam Dist - 532 402.

PROGRAMME SCHEDULE

A.Y: 2021-2022

NAME : A Two-week certificate course on Pharmaceutical Data Science

DAY	DATE	TOPIC
DAY-1	17-05-2022	Introduction to Pharmaceutical Data Science
DAY-2	18-05-2022	Data Collection and Pre-processing Techniques
DAY-3	19-05-2022	Statistical Analysis in Pharma Data
DAY-4	20-05-2022	Machine Learning Fundamentals for Pharma
DAY-5	23-05-2022	Data Visualization and Interpretation
DAY-6	24-05-2022	Predictive Modelling in Pharmaceutical Data
DAY-7	25-05-2022	Drug Discovery and Development with Data Science
DAY-8	26-05-2022	Clinical Trials and Data Management
DAY-9	27-05-2022	Regulatory Compliance and Data Security
DAY-10	28-05-2022	Current Challenges in Data Science

Date:30-05-2022

PROGRAMME REPORT

Name of the programme : A Two-week certificate course on Pharmaceutical Data Science
Academic Year : 2021-2022
Date : 17-05-2022 to 28-05-2022
Venue : Lecture hall -6
Number of Participants : 20

Resource person	Dr. K. Rajkiran M. Pharm, Ph.D Professor,Principal Sri Sivani college of Pharmacy 7382651422 Email Id: rajkiran.kolakota@gmail.com
Programme Co-Ordinator	Ms. K.V.S.L.Kavya M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The two-week certificate course in Pharmaceutical Data Science aims to equip M.Pharm students with essential knowledge and skills to harness data-driven approaches in the pharmaceutical industry. Students will gain proficiency in data collection, analysis, and interpretation, enabling them to make informed decisions in drug development, clinical trials, and regulatory compliance. This course will empower them to leverage cutting-edge data science tools and techniques for improving pharmaceutical processes, thereby enhancing their career prospects in this rapidly evolving field.

Topics Covered:

Day 1: Introduction to Pharmaceutical Data Science

Day 2: Data Collection and Preprocessing Techniques

Day 3: Statistical Analysis in Pharma Data

Day 4: Machine Learning Fundamentals for Pharma

Day 5: Data Visualization and Interpretation

Day 6: Predictive Modeling in Pharmaceutical Data

Day 7: Drug Discovery and Development with Data Science

Day 8: Clinical Trials and Data Management

Day 9: Regulatory Compliance and Data Security

Day 10: Current Challenges in Data Science

Outcomes of Programme:

Upon successful completion of the course, students will be able to proficiently apply data science principles and techniques to address complex challenges in the pharmaceutical sector. They will acquire the ability to collect, preprocess, and analyze pharmaceutical data effectively, leading to evidence-based decision-making. Graduates will also be adept in using data visualization and predictive modeling to optimize drug discovery, clinical trial design, and regulatory compliance, ultimately contributing to the advancement of the pharmaceutical industry and positioning themselves as valuable assets in the job market..

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.
