ABOUT COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town.

Registration free for in-house students

Vision:

To be an Institute committed to create highly dedicated, globally skilled Pharmacy Professionals.

Mission:

- To make pharmacy education more accessible to all the rural communities.
- To promote healthcare partnerships and industry programs and fulfill the requirements of industries.
- To promote and disseminate pharmaceutical knowledge through quality teaching and research to improve the health of everyone.
- To execute our mission, we employ creative and established educational methods to produce pharmacists with the skills and knowledge to serve society ethically and professionally.

Topics Covered:

Day 1: Introduction to Healthcare Transformation
Day 2: Healthcare Leadership and Change Management
Day 3: Health Information Systems and Technology
Day 4: Quality Improvement in Healthcare
Day 5: Healthcare Policy and Regulations
Day 6: Patient-Centered Care and Communication
Day 7: Healthcare Analytics and Data-driven Decision Making
Day 8: Telemedicine and Remote Healthcare Services
Day 9: Interprofessional Collaboration in Healthcare
Day 10: Current Challenges and Course Conclusion

Programme Co-Ordinator	**Ms.P. Sagarika** **M. Pharm,** **Asst Professor** **Sri Sivani college of Pharmacy**

Objectives ofProgramme:

The two-week certificate course on "Driving Transformation in Healthcare" aims to equip participants with a comprehensive understanding of the key principles, strategies, and technologies essential for leading and implementing transformative changes in healthcare organizations. Participants will learn to navigate the complex landscape of healthcare, focusing on leadership, quality improvement, data-driven decision-making, and patient-centered care to drive innovation and improve healthcare delivery. This course will empower healthcare professionals with the knowledge and skills necessary to address the evolving challenges and opportunities in the healthcare industry effectively.

Topics Covered:

Topics Covered:

Day 1: Introduction to Healthcare Transformation

Day 2: Healthcare Leadership and Change Management

Day 3: Health Information Systems and Technology

Day 4: Quality Improvement in Healthcare

Day 5: Healthcare Policy and Regulations

Day 6: Patient-Centered Care and Communication

Day 7: Healthcare Analytics and Data-driven Decision Making

Day 8: Telemedicine and Remote Healthcare Services

Day 9: Interprofessional Collaboration in Healthcare

Day 10: Current Challenges and Course Conclusion

Outcomes of Programme:

Upon completion of the two-week certificate course on "Driving Transformation in Healthcare," participants will emerge with a profound capacity to orchestrate positive change within healthcare systems. They will be adept at employing advanced leadership strategies, leveraging technology for improved patient care, analyzing healthcare data for informed decision-making, and fostering a patient-centric approach. Graduates of this course will be well-prepared to lead transformative initiatives in healthcare organizations, ultimately contributing to enhanced quality of care, greater efficiency, and better health outcomes for patients.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

PROGRAMME REPORT

Name of the Programme : A Two-week certificate course on Electronic Health Records (EHR)

Academic Year : 2020-2021

Date : 17-11-2020 to 28-11-2020

Venue : Lecture Hall-3

Number of Participants : 55

Resource person	U. Sri Venkatesh M. Pharm Asst Professor Sri Sivani College of Pharmacy 9949106729 EmailId:venkateshbalagi230@gmail.com
Programme Co-Ordinator	Ms.J.Shobha Rani M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The objective of the two-week certificate course on Electronic Health Records (EHR) is to provide participants with a comprehensive understanding of EHR systems, their implementation, and their critical role in modern healthcare. Through a combination of theory and hands-on practical experience, participants will learn to navigate, manage, and optimize EHR systems effectively. This course aims to equip healthcare professionals and administrators with the knowledge and skills necessary to enhance patient care, streamline healthcare operations, and ensure compliance with regulatory standards in the increasingly digital healthcare landscape.

Topics Covered:

Day 1: Introduction to Electronic Health Records (EHR)

Day 2: EHR Systems and Software: Types and Features.

Day 3: EHR Implementation: Planning and Challenges.

Day 4: EHR Data Management and Privacy Regulations.

Day 5: Interoperability: Connecting EHR Systems for Seamless Data Exchange.

Day 6: Clinical Documentation in EHR Systems: Best Practices.

Day 7: EHR Integration with Healthcare Workflows.

Day 8: EHR in Telemedicine and Remote Patient Monitoring.

Day 9: Analytics and Reporting in EHR: Leveraging Data for Decision-Making.

Day 10: EHR Security and Cybersecurity Measures.

Outcomes of Programme:

Upon successful completion of this course, participants will have acquired a robust skill set in Electronic Health Records (EHR) management and utilization. They will be proficient in using EHR systems for patient data entry, retrieval, and analysis, as well as understand the importance of data security and privacy in healthcare. Graduates of this course will be well-prepared to implement and manage EHR systems within healthcare organizations, improving patient care quality, efficiency, and communication among healthcare professionals while ensuring adherence to legal and ethical standards in healthcare data management.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

Programme Co-Ordinator	Ms . S.V. Kranthi kumari M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The objective of the two-week certificate course on "Pharma Data Mining" is to provide participants with comprehensive knowledge and practical skills in the field of data mining as it relates to pharmaceutical research and development. Participants will learn to harness the power of data analytics to extract valuable insights from vast pharmaceutical datasets, optimize drug discovery processes, and make informed decisions. By the end of the course, participants will be equipped to apply data mining techniques effectively in the pharmaceutical industry, contributing to improved drug development and healthcare outcomes

Topics Covered:

1. Introduction to Pharmaceutical Data Mining

2. Data Collection,

3. Data Integration,

4. Data Cleaning in Pharma.

5. Exploratory Data Analysis for Drug Discovery.

6. Predictive Modelling and Machine Learning Applications in Pharma.

7. Drug Target Identification

8. Validation through Data Mining.

9. Adverse Event Detection and Pharmacovigilance.

10. Case Studies.

Outcomes of Programme:

Upon successful completion of this course, participants will possess a deep understanding of data mining techniques as applied to the pharmaceutical industry. They will be proficient in data collection, cleaning, and analysis, enabling them to identify potential drug targets, predict adverse events, and optimize drug development processes. Graduates of this program will be well-prepared to contribute to pharmaceutical research, development, and decision-making, ultimately advancing healthcare by harnessing the power of data mining in the field.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

ABOUT COLLEGE:

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town.

Registration Free For In-House Students

Vision:

- To be an Institute committed to create highly dedicated, globally skilled Pharmacy Professionals.

Mission:

- To make pharmacy education more accessible to all the rural communities.
- To promote healthcare partnerships and industry programs and fulfill the requirements of industries.
- To promote and disseminate pharmaceutical knowledge through quality teaching and research to improve the health of everyone.
- To execute our mission, we employ creative and established educational methods to produce pharmacists with the skills and knowledge to serve society ethically and professionally.
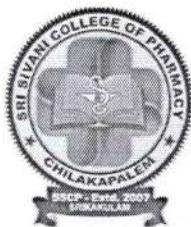

Topic to be covered:

- Day 1: Introduction to Lipid-Based Vaccine Delivery: Principles and Significance.
- Day 2: Lipid Nanoparticles (LNPs) in Vaccine Formulations: Structure and Function.
- Day 3: Liposomes as Vaccine Carriers: Design and Applications.
- Day 4: Regulatory Landscape for Lipid-Based Vaccine Approvals.
- Day 5: Case Studies: Successful Lipid-Based Vaccine Delivery Platforms.
- Day 6: mRNA Vaccines and Lipid Nanoparticle Technology.
- Day 7: Immunogenicity and Adjuvant Strategies in Lipid-Based Vaccines.
- Day 8: Vaccine Stability and Cold Chain Management with Lipid-Based Systems.
- Day 9: Lipid-Based Vaccines.
- Day 10:Future Directions in Vaccine Delivery.

PROGRAMME REPORT

Name of the programme : A Two-week certificate course on Recent Trends in Lipid- Based Vaccine Delivery

Academic Year : 2020-2021

Date : 22-02-2021 to 06-03-2021.

Venue : Lecture Hall - 5

Number of Participants : 31

Resource person	Mr.T.Rajesh M. Pharm, Associate Professor Sri Sivani college of Pharmacy 9381404751 Email Id: tendela4885@gmail.com
Programme Co-Ordinator	Mr.B.Vineel Varma M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The two-week certificate course on "Recent Trends in Lipid-Based Vaccine Delivery" aims to provide participants with a deep understanding of cutting-edge lipid-based vaccine delivery technologies and their potential applications. Participants will explore the latest developments in lipid-based formulations, their role in enhancing vaccine efficacy, and the regulatory and practical considerations in their implementation. By the end of the course, participants will be equipped with the knowledge and skills to contribute to advancements in vaccine delivery systems, ultimately improving global healthcare outcomes.

Topics Covered:

Day 1: Introduction to Lipid-Based Vaccine Delivery: Principles and Significance.

Day 2: Lipid Nanoparticles (LNPs) in Vaccine Formulations: Structure and Function.

Day 3: Liposomes as Vaccine Carriers: Design and Applications.

Day 4: Regulatory Landscape for Lipid-Based Vaccine Approvals.

Day 5: Case Studies: Successful Lipid-Based Vaccine Delivery Platforms.

Day 6: mRNA Vaccines and Lipid Nanoparticle Technology.

Day 7: Immunogenicity and Adjuvant Strategies in Lipid-Based Vaccines.

Day 8: Vaccine Stability and Cold Chain Management with Lipid-Based Systems.

Day 9: Lipid-Based Vaccines.

Day 10:Future Directions in Vaccine Delivery.

Outcomes of Programme:

Upon completing this course, participants will possess a comprehensive understanding of lipid-based vaccine delivery, including its foundational principles, advanced applications, and regulatory considerations. They will be well-equipped to contribute to the development and implementation of lipid-based vaccine delivery systems, potentially improving the accessibility, stability, and efficacy of vaccines. Participants will receive a certificate, affirming their expertise in this vital field and their potential to advance vaccine delivery technologies for global health benefit.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

Programme Co-Ordinator	**Ms.P.Pavani** **M. Pharm,** **Asst Professor** **Sri Sivani college of Pharmacy**

Objectives ofProgramme:

The objective of the two-week certificate course on "Social Media and Substance Abuse" is to equip participants with a comprehensive understanding of the dynamic interplay between social media platforms and substance abuse. Participants will explore the various facets of this complex issue, including the psychological mechanisms driving addictive behavior, emerging trends on different social media platforms, ethical considerations, and the role of prevention and intervention. By the end of the course, participants will have gained the knowledge and tools necessary to critically assess, address, and mitigate the impact of social media on substance abuse within their communities and professional settings

Topics Covered:

Day 1: Introduction to Social Media's Influence on Substance Abuse Awareness.

Day 2: Exploring Social Media Platforms and Trends.

Day 3: The Psychology Behind Online Behavior and Addiction.

Day 4: Analyzing Case Studies of social media and Substance Abuse.

Day 5: Ethical Considerations and Responsible Social Media Use.

Day 6: Prevention Strategies: Education and Awareness Campaigns.

Day 7: Intervention Methods: Identifying and Assisting Those at Risk.

Day 8: Substance Abuse and social media.

Day 9: Legal and Regulatory Aspects of Online Substance Promotion.

Day 10: Conclusion

Outcomes of Programme:

Upon successful completion of this course, participants will have developed a profound awareness of the intricate relationship between social media and substance abuse. They will be able to recognize signs of substance abuse facilitated by social media, implement effective prevention and intervention strategies, and promote responsible online behavior. Additionally, participants will acquire a certificate attesting to their expertise in this critical area, enhancing their professional qualifications and enabling them to contribute to the ongoing efforts to address the challenges posed by social media and substance abuse in society.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

Objectives ofProgramme:

The objective of the two-week certificate course on "Plagiarism Detection and Prevention Strategies" is to empower participants with the knowledge and skills necessary to identify, address, and prevent plagiarism effectively. Participants will gain a comprehensive understanding of plagiarism's forms and consequences, explore various detection tools and techniques, and learn how to implement plagiarism prevention strategies in academic, professional, and creative contexts

Topics Covered:

Day 1: Introduction to Plagiarism: Definitions and Consequences.

Day 2: Forms of Plagiarism: Textual, Visual, and Digital.

Day 3: Plagiarism vs. Paraphrasing: Ethical Writing Practices.

Day 4: Plagiarism Detection Tools and Software.

Day 5: Real-world Case Studies: High-Profile Plagiarism Incidents.

Day 6: Ethical Attribution and Citation Styles.

Day 7: Academic Integrity and Student Education.

Day 8: Plagiarism Prevention in Creative Industries.

Day 9: Plagiarism Policies and Legal Implications.

Day 10: Best Practices

Outcomes of Programme:

Upon successful completion of this course, participants will have acquired a comprehensive understanding of plagiarism, its various forms, and its consequences. They will have honed their skills in using plagiarism detection tools effectively and will be equipped to implement plagiarism prevention strategies in diverse professional and academic settings. Graduates of the course will receive a certificate attesting to their expertise in plagiarism detection and prevention, enhancing their ability to maintain academic and professional integrity and contribute to ethical content creation and dissemination.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.
