PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Intellectual Property Rights in the Global Marketplace: Challenges and Opportunities
RESOURCE PERSON	Dr. Swathi Nageswara ASSISTANT PROFESSOR RAJIV GANDHI COLLEGE OF PHARMACY, RAJAHMUNDRY PHONE NO: 8074205755 Email id: swathinageswara@gmail.com
DATE OF ACTIVITY	05.09.2019
PROGRAMME COORDINATOR	Ms.M.Lakshmi prasunna M.Pharm Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	64

OBJECTIVES OF THE PROGRAMME

The objective of the One Day Seminar on Intellectual Property Rights (IPR) in the Global Marketplace is to provide participants with a comprehensive understanding of the challenges and opportunities related to intellectual property in the context of the global business environment. The seminar aims to enhance participants' knowledge about various aspects of IPR, including legal frameworks, strategies for protection, enforcement mechanisms, and ways to leverage intellectual property for competitive advantage. By the end of the seminar, participants should have a clear grasp of how to navigate the complexities of IPR to make informed decisions that benefit their organizations.

**Dr. Swathi Nageswara interacting and delivered her talk to students on
05.09.2019**

Programme Outcome:

By attending this seminar, participants can expect to achieve the following outcomes:

- **Enhanced Understanding of IPR:** Participants will gain a solid understanding of what intellectual property rights entail, including patents, copyrights, trademarks, and trade secrets. They will become familiar with the key differences between these forms of protection and their significance in the global marketplace.
- **Awareness of Global IPR Challenges:** The seminar will highlight the challenges faced by businesses when dealing with intellectual property on a global scale. Participants will learn about issues such as piracy, counterfeiting, cross-border disputes, and differing international IP regulations.
- **Insights into IPR Strategies:** Participants will be exposed to various strategies for protecting and managing intellectual property assets. This includes methods for drafting and filing patents, trademarks, and copyrights, as well as licensing and partnership approaches to maximize the value of these assets.

ABOUT THE COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town. The campus is spread across 2.56 acres of pollution-free, picturesque, lush green surroundings, creating the right ambience and conducive environment for quality education and research.

The college building is spacious and constructed as per All India Council for Technical Education (AICTE) norms and specifications and the Pharmacy Council Of India (PCI), New Delhi.

The college offers B. Pharmacy in UG and M. Pharmacy (PG) with three Specializations of Pharmaceutics, Pharmaceutical Analysis, and Pharmaceutical Regulatory Affairs. All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI) in New Delhi, and the Government of Andhra Pradesh recognize and approve these courses.

The institute's infrastructure includes well-equipped laboratories, a well-stocked library, spacious lecture halls, separate hostels for boys and girls, a hygienic canteen, a generous playground, payphones, computer labs, and language labs. These amenities collectively create an environment conducive to academic learning, offering students quality education in a clean and comfortable setting.

We are proud to feel that our product has achieved glorious, outstanding results in both the on-campus and off-campus selections and is in highly competitive positions.

QUALITY POLICY

Sri Sivani Educational Society committed to create quality professionals in order to meet emerging industrial and society needs through a system of quality assurance and to continuously address, monitor and evaluate the quality of education through an effective teaching and learning process.

VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	62

OBJECTIVES OF THE PROGRAMME

Programme Objective: The objective of the one-day seminar on "Policy and Regulation for Entrepreneurship in India" is to provide participants with a comprehensive understanding of the policy and regulatory landscape surrounding entrepreneurship in India. The seminar aims to equip entrepreneurs, business leaders, policymakers, and other stakeholders with the knowledge and insights necessary to navigate the complex regulatory environment, foster innovation, and drive economic growth. By the end of the seminar, participants should have a clear grasp of the challenges, opportunities, and best practices related to policy and regulation in the Indian entrepreneurial ecosystem.

Mrs. C. Keerthana interacting and delivered her talk to students on 14.09.2019

Programme Outcome: Upon completing the seminar, participants will:

- **Comprehend Policy Frameworks:** Gain a deep understanding of the various policies and regulations impacting entrepreneurship in India, including those related to business registration, taxation, intellectual property, labor, and more.
- **Navigate Regulatory Challenges:** Develop the skills to navigate the regulatory challenges that entrepreneurs often face, and learn strategies to overcome obstacles while staying compliant with legal requirements.
- **Identify Growth Opportunities:** Recognize how favorable policies and regulations can be leveraged to identify and capitalize on growth opportunities, fostering innovation and sustainable business expansion.

Overall, the seminar aims to empower participants with the knowledge and skills to thrive in the dynamic Indian entrepreneurial landscape by effectively aligning their ventures with the prevailing policy and regulatory environment.

ABOUT THE COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town. The campus is spread across 2.56 acres of pollution-free, picturesque, lush green surroundings, creating the right ambience and conducive environment for quality education and research.

The college building is spacious and constructed as per All India Council for Technical Education (AICTE) norms and specifications and the Pharmacy Council Of India (PCI), New Delhi.

The college offers B. Pharmacy in UG and M. Pharmacy (PG) with three Specializations of Pharmaceutics, Pharmaceutical Analysis, and Pharmaceutical Regulatory Affairs. All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI) in New Delhi, and the Government of Andhra Pradesh recognize and approve these courses.

The institute's infrastructure includes well-equipped laboratories, a well-stocked library, spacious lecture halls, separate hostels for boys and girls, a hygienic canteen, a generous playground, payphones, computer labs, and language labs. These amenities collectively create an environment conducive to academic learning, offering students quality education in a clean and comfortable setting.

We are proud to feel that our product has achieved glorious, outstanding results in both the on-campus and off-campus selections and is in highly competitive positions.

QUALITY POLICY

Sri Sivani Educational Society committed to create quality professionals in order to meet emerging industrial and society needs through a system of quality assurance and to continuously address, monitor and evaluate the quality of education through an effective teaching and learning process.

OBJECTIVE OF THE PROGRAM

The objective of the one-day seminar on "Policy and Regulation for Entrepreneurship in India" is to provide participants with a comprehensive understanding of the policy and regulatory landscape surrounding entrepreneurship in India. The seminar aims to equip entrepreneurs, business leaders, policymakers, and other stakeholders with the knowledge and insights necessary to navigate the complex regulatory environment, foster innovation, and drive economic growth. By the end of the seminar, participants should have a clear grasp of the challenges, opportunities, and best practices related to policy and regulation in the Indian entrepreneurial ecosystem.

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Protecting Your Innovations: Patents and Patent Strategies
RESOURCE PERSON	Dr.G. Venkateswara Rao M.Pharm,Ph.D Professor YALAMARTY COLLEGE OF PHARMACY, VISAKHAPATNAM PHONE NO: 9440028494 EMAIL ID: vr.gavalapu@yahoo.com
DATE OF ACTIVITY	21.10.2019
PROGRAMME COORDINATOR	Ms.N.Vasanta Kumari Asst.Professor Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	65

OBJECTIVES OF THE PROGRAMME

Objective: The objective of the Seminar on Protecting Your Innovations: Patents and Patent Strategies is to equip participants with the knowledge and tools necessary to effectively protect their innovative ideas through patenting. The seminar aims to provide a comprehensive understanding of the patent process, strategies for maximizing the value of patents, and insights into the broader intellectual property landscape. Participants will gain actionable insights to safeguard their innovations and navigate the complexities of patent protection.

Outcome of the seminar:

By the end of the seminar, participants will:

- ❖ **Understand the Patent Landscape:** Develop a clear understanding of what patents are, how they work, and their role in protecting inventions and fostering innovation.
- ❖ **Identify Patentable Innovations:** Learn to identify which of their innovations are eligible for patent protection, distinguishing between patentable subject matter and other forms of intellectual property.
- ❖ **Navigate the Patent Application Process:** Gain insights into the patent application process, from drafting patent applications to filing and prosecution. Understand the importance of accurate and comprehensive patent drafting.
- ❖ **Master Patent Strategies:** Acquire knowledge about various patent strategies, including provisional and non-provisional applications, defensive patenting, and international patent filing.

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Pharmacy Education and Training: Research Innovations for Future Pharmacists
RESOURCE PERSON	Dr.K. Rajkiran M.Pharm, Ph.D. Professor VIGNAN INSTITUTE OF PHARMACEUTICAL SCIENCES VISAKHAPATNAM PHONE NO: 9490041367 Email id: rajkiran.kolakata@gmail.com
DATE OF ACTIVITY	26.12.2019
PROGRAMME COORDINATOR	Ms.M.Lakshmi Prasunna M.Pharm Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	60

OBJECTIVES OF THE PROGRAMME

The objective of the One Day Seminar on Pharmacy Education and Training: Research Innovations for Future Pharmacists is to provide a platform for educators, researchers, and practitioners in the field of pharmacy to exchange knowledge, insights, and best practices related to innovative research methods, curriculum development, and training approaches. The seminar aims to enhance the quality of pharmacy education and training by fostering a deeper understanding of cutting-edge research and its practical applications, ultimately shaping the skills and knowledge of future pharmacists.

Outcome of the seminar:

By the end of the seminar, participants will:

- ✓ **Explore Research Innovations:** Gain exposure to the latest research trends, methodologies, and technologies in the field of pharmacy. Understand how innovative research contributes to advancements in patient care, drug development, and healthcare practices.
- ✓ **Enhance Curriculum Development:** Acquire insights into integrating research-based approaches into pharmacy curricula. Participants will be better equipped to design educational programs that align with industry trends and prepare students for real-world challenges.
- ✓ **Foster Collaboration:** Establish connections and collaborations among educators, researchers, and practitioners. The seminar will facilitate networking opportunities, encouraging interdisciplinary partnerships for research and education.
- ✓ **Elevate Teaching Methods:** Learn about innovative teaching methods that engage and inspire pharmacy students. Participants will gain tools and techniques to create dynamic learning environments that nurture critical thinking and problem-solving skills.
- ✓ **Promote Evidence-Based Practice:** Understand the importance of evidence-based practice in pharmacy and how research informs clinical decisions. Participants will be equipped to teach students how to critically evaluate and apply research findings.
- ✓ **Stay Current with Regulatory Changes:** Gain insights into evolving regulatory and ethical considerations in pharmacy. Participants will understand how research shapes compliance and patient safety.
- ✓ **Inspire Future Pharmacists:** Develop strategies to motivate and encourage students to pursue research and innovation within the field of pharmacy. Participants will play a pivotal role in nurturing the next generation of skilled and passionate pharmacists.
- ✓ **Contribute to Professional Development:** Elevate participants own professional growth by immersing them in discussions about the future of pharmacy education, research, and practice.

Through this seminar, participants will gain valuable insights into enhancing pharmacy education and training through research innovations, contributing to the development of skilled and forward-thinking pharmacists who can effectively address the challenges of a rapidly evolving healthcare landscape.

ABOUT THE COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town. The campus is spread across 2.56 acres of pollution-free, picturesque, lush green surroundings, creating the right ambiance and conducive environment for quality education and research.

The college building is spacious and constructed as per All India Council for Technical Education (AICTE) norms and specifications and the Pharmacy Council Of India (PCI), New Delhi.

The college offers B. Pharmacy in UG and M. Pharmacy (PG) with three Specializations of Pharmaceutics, Pharmaceutical Analysis, and Pharmaceutical Regulatory Affairs. All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI) in New Delhi, and the Government of Andhra Pradesh recognize and approve these courses.

The institute's infrastructure includes well-equipped laboratories, a well-stocked library, spacious lecture halls, separate hostels for boys and girls, a hygienic canteen, a generous playground, payphones, computer labs, and language labs. These amenities collectively create an environment conducive to academic learning, offering students quality education in a clean and comfortable setting.

We are proud to feel that our product has achieved glorious, outstanding results in both the on-campus and off-campus selections and is in highly competitive positions.

QUALITY POLICY

Sri Sivani Educational Society committed to create quality professionals in order to meet emerging industrial and society needs through a system of quality assurance and to continuously address, monitor and evaluate the quality of education through an effective teaching and learning process.

OBJECTIVE OF THE PROGRAM

The objective of the One Day Seminar on Pharmacy Education and Training: Research Innovations for Future Pharmacists is to provide a platform for educators, researchers, and practitioners in the field of pharmacy to exchange knowledge, insights, and best practices related to innovative research methods, curriculum development, and training approaches. The seminar aims to enhance the quality of pharmacy education and training by fostering a deeper understanding of cutting-edge research and its practical applications, ultimately shaping the skills and knowledge of future pharmacists.

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Statistical Methods for Pharmaceutical Research
RESOURCE PERSON	Dr.V. Venkata Ramana Associate professor RGUKT (IIIT) SRIKAKULAM PHONE NO: 9398589804 EMAIL ID: velpulavenkataram@gmail .com
DATE OF ACTIVITY	09.01.2020
PROGRAMME COORDINATOR	Ms.M.Lakshmi prasunna M.Pharm Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	64

OBJECTIVES OF THE PROGRAMME

The objective of the One Day Seminar on Statistical Methods for Pharmaceutical Research is to provide participants with a comprehensive understanding of the critical role that statistical methods play in pharmaceutical research and development. The seminar aims to enhance participants' knowledge and skills in selecting, applying, and interpreting appropriate statistical techniques for various stages of pharmaceutical research, from drug discovery to clinical trials. By the end of the seminar, participants should be equipped to make informed decisions, design robust studies, and contribute to evidence-based pharmaceutical research

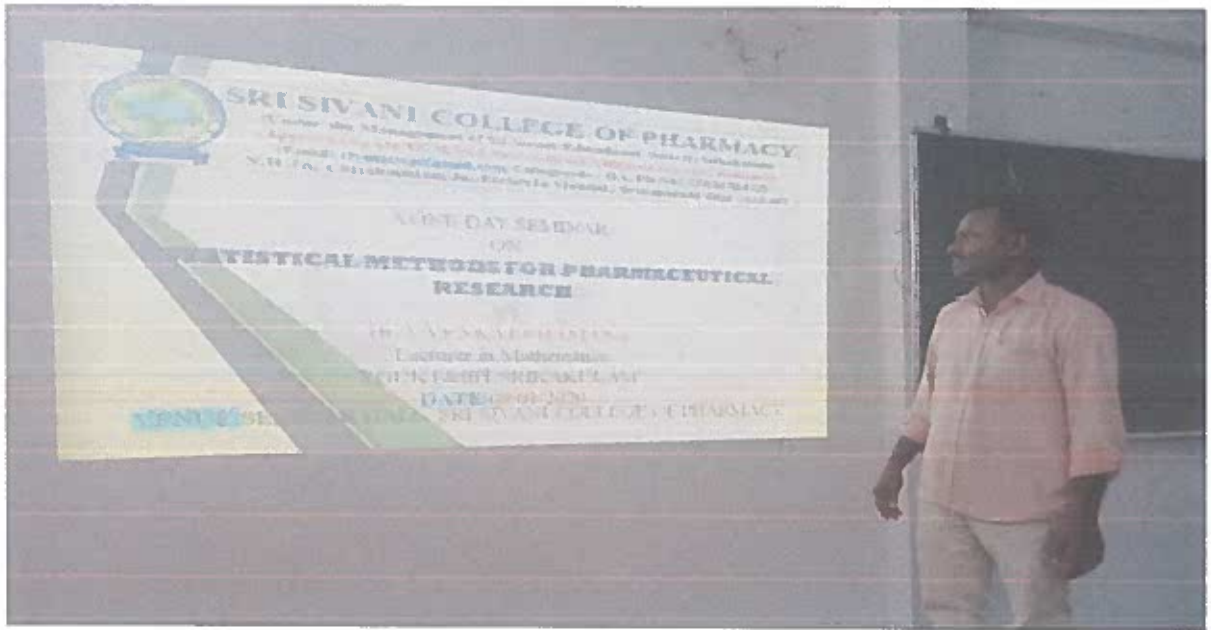

Outcome of the seminar

By the end of the seminar, participants will:

- **Understand Statistical Fundamentals:** Gain a solid foundation in basic statistical concepts relevant to pharmaceutical research, enabling a clear understanding of terminology and principles.
- **Appreciate the Role of Statistics in Pharmaceuticals:** Recognize the pivotal role that statistical methods play in experimental design, data analysis, interpretation, and decision-making within the pharmaceutical industry.
- **Select Appropriate Statistical Techniques:** Develop the ability to identify and choose the most suitable statistical methods for different types of pharmaceutical research questions and data, whether related to drug formulation, preclinical studies, or clinical trials.
- **Interpret and Communicate Results:** Acquire skills in interpreting and communicating statistical results effectively to both technical and non-technical stakeholders, ensuring accurate representation of findings.
- **Enhance Experimental Design:** Learn how to design experiments that minimize bias, control variability, and optimize the efficiency of data collection, thereby strengthening the reliability of research outcomes.

Through this seminar, participants will gain a comprehensive understanding of statistical methods and their applications in pharmaceutical research. They will be better equipped to contribute to the development of safe, effective, and evidence-based pharmaceutical products while adhering to regulatory guidelines and industry best practices

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Biostatistics in Drug Discovery and Development
RESOURCE PERSON	Dr.G. Adi Narayana M.Pharm,Ph.D Professor SRINIVASA RAO COLLEGE OF PHARMACY VISAKHAPATNAM PHONE NO: 9100347702 EMAIL ID: glknarayana@yahoo.com
DATE OF ACTIVITY	29.01.2020
PROGRAMME COORDINATOR	Ms.M.Lakshmi Prasunna M.Pharm Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	26

OBJECTIVES OF THE PROGRAMME

The objective of the One Day Seminar on Biostatistics in Drug Discovery and Development is to provide participants with a comprehensive understanding of the crucial role that biostatistics plays in the various stages of drug discovery and development. The seminar aims to enhance participants' knowledge and skills in applying statistical methods to design, analyze, and interpret experimental and clinical data in the pharmaceutical industry. By the end of the seminar, participants should have a clear grasp of how biostatistics contributes to informed decision-making and successful drug development.

Dr.G. Adi Narayana interacting and delivered his talk to students on 29.01.2020.

OUTCOME OF SEMINAR

At the conclusion of the seminar, participants can expect to achieve the following outcomes:

- **Understanding of Biostatistical Principles:** Participants will gain a solid understanding of fundamental biostatistical concepts, including hypothesis testing, confidence intervals, p-values, power analysis, and experimental design. They will learn how these principles are applied in the context of drug discovery and development.
- **Application of Statistical Methods:** Participants will be equipped with the knowledge and skills to apply appropriate statistical methods to analyze experimental and clinical data. This includes understanding various types of data (e.g., continuous, categorical), selecting appropriate tests, and performing statistical analysis using software tools.
- **Interpretation of Results:** Participants will learn how to interpret statistical results in the context of drug development. They will be able to effectively communicate findings to colleagues, stakeholders, and regulatory bodies, and make data-driven decisions based on statistical evidence.

- **Clinical Trial Design:** Participants will explore the principles of clinical trial design, randomization, blinding, and sample size determination. They will understand how biostatistics ensures robust and reliable clinical trials, which are essential for demonstrating the safety and efficacy of new drugs.
- **Regulatory Compliance:** Participants will gain insights into the regulatory requirements for statistical analysis in drug development. They will understand how to meet the standards set by regulatory agencies to ensure that studies are well-designed and results are accurately reported.
- **Professional Growth:** The seminar will contribute to participants' professional growth by enhancing their skill set and knowledge base. They will be better equipped to contribute meaningfully to drug discovery and development projects and advance their careers in the pharmaceutical industry.

By the end of the One Day Seminar on Biostatistics in Drug Discovery and Development, participants will have gained a holistic understanding of biostatistics' critical role in the pharmaceutical field and will be better prepared to navigate the challenges and complexities of drug development processes.

ABOUT THE COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town. The campus is spread across 2.56 acres of pollution-free, picturesque, lush green surroundings, creating the right ambiance and conducive environment for quality education and research.

The college building is spacious and constructed as per All India Council for Technical Education (AICTE) norms and specifications and the Pharmacy Council Of India (PCI), New Delhi.

The college offers B. Pharmacy in UG and M. Pharmacy (PG) with three Specializations of Pharmaceutics, Pharmaceutical Analysis, and Pharmaceutical Regulatory Affairs. All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI) in New Delhi, and the Government of Andhra Pradesh recognize and approve these courses.

The institute's infrastructure includes well-equipped laboratories, a well-stocked library, spacious lecture halls, separate hostels for boys and girls, a hygienic canteen, a generous playground, payphones, computer labs, and language labs. These amenities collectively create an environment conducive to academic learning, offering students quality education in a clean and comfortable setting.

We are proud to feel that our product has achieved glorious, outstanding results in both the on-campus and off-campus selections and is in highly competitive positions.

QUALITY POLICY

Sri Sivani Educational Society committed to create quality professional education to meet emerging industrial and society needs through a system of quality assurance. We continuously address, monitor and evaluate the quality of our teaching and learning process.

OBJECTIVE OF THE PROGRAM

The objective of the One Day Seminar on Biostatistics in Drug Discovery and Development is to provide participants with a comprehensive understanding of the crucial role that biostatistics plays in the various stages of drug discovery and development. The seminar aims to enhance participants' knowledge and skills in applying statistical methods to design, analyze, and interpret experimental and clinical data in the pharmaceutical industry. By the end of the seminar, participants should have a clear grasp of how biostatistics contributes to informed decision-making and successful drug development.

VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	39

OBJECTIVES OF THE PROGRAMME

The objective of the One Day Seminar on Understanding the Patent Amendment Act is to provide participants with a comprehensive understanding of the key changes introduced by the Patent Amendment Act and their implications for various stakeholders. The seminar aims to enhance participants' knowledge and awareness of the evolving patent landscape, enabling them to navigate the legal and practical aspects of the amended patent regulations effectively.

By the end of the seminar, participants will:

1. **Comprehend Key Changes:** Gain a clear understanding of the significant changes brought about by the Patent Amendment Act, including alterations to patent application procedures, patentability criteria, and enforcement mechanisms.
2. **Identify Implications:** Recognize the practical implications of the amendments for inventors, businesses, researchers, and the legal community. Understand how these changes impact patent filing strategies, innovation processes, and competitive landscapes.

3. **Navigate Legal Nuances:** Acquire insights into the legal intricacies of the amended patent regulations. Participants will be better equipped to interpret and apply the new provisions, ensuring compliance while maximizing patent protection.
4. **Enhance Patent Strategies:** Develop the ability to formulate and adapt patent strategies based on the revised legal framework. Participants will be equipped to make informed decisions regarding patent filing, licensing, and enforcement.

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Quantitative and Qualitative Research Methods
RESOURCE PERSON	Mrs.A.V.S.K. Bhavani M.Pharm,(Ph.D) Associate Professor Sri Venkateswara college of pharmacy, Etcherla PHONE NO: 9866396797 EMAIL ID: andhavarapu.bhavani@gmail.com
DATE OF ACTIVITY	02.03.2020
PROGRAMME COORDINATOR	Ms.M.Lakshmi Prasunna M.Pharm Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	24

OBJECTIVES OF THE PROGRAMME

The objective of the One Day Seminar on Quantitative and Qualitative Research Methods is to equip participants with a comprehensive understanding of both quantitative and qualitative research methodologies. The seminar aims to enhance participants' knowledge and skills in selecting, designing, and conducting research using these methods. By the end of the seminar, participants should be well-prepared to choose the appropriate research approach based on their research questions, effectively collect and analyze data, and draw meaningful conclusions from their research findings.

The following are the main objectives of the seminar:

- **Understanding Research Paradigms:** Participants will gain a clear understanding of the fundamental differences between quantitative and qualitative research paradigms. They will learn the underlying philosophical assumptions, research goals, and types of questions each approach addresses.

- **Method Selection:** Participants will learn how to choose between quantitative and qualitative methods based on their research objectives, questions, and the nature of data they intend to collect. They will understand the strengths and limitations of each approach.
- **Research Design:** Participants will explore the components of research design, including formulating research questions, developing hypotheses, and defining variables. They will understand how to structure research studies to address their objectives effectively.
- **Data Collection Techniques:** Participants will be introduced to a range of data collection techniques for both quantitative and qualitative research. This includes surveys, experiments, interviews, observations, focus groups, and more. They will learn how to choose appropriate techniques for their research projects.
- **Data Analysis Methods:** Participants will learn about data analysis methods associated with both quantitative and qualitative research. They will understand how to analyze numerical data using statistical tools and software, as well as how to interpret and analyze qualitative data through coding, thematic analysis, and content analysis.
- **Enhanced Research Skills:** By the end of the seminar, participants will have honed their research skills and gained a deeper appreciation for the diversity of research methods available. They will be better equipped to design and execute rigorous research studies across various disciplines.

OUTCOME OF PROGRAMME:

The One Day Seminar on Quantitative and Qualitative Research Methods aims to equip participants with a comprehensive understanding of both quantitative and qualitative research approaches. By the end of the seminar, participants will have achieved the following outcomes:

- **Understanding Research Paradigms:** Participants will gain a clear understanding of the differences between quantitative and qualitative research paradigms. They will recognize when each approach is appropriate and how they can be effectively combined for a more comprehensive understanding of research topics.
- **Research Design and Method Selection:** Participants will be able to select appropriate research designs and methods based on their research objectives and questions. They will understand the strengths, limitations, and applications of quantitative and qualitative approaches.

- **Mixed-Methods Research:** Participants will understand the principles of mixed-methods research, which involves integrating quantitative and qualitative approaches. They will learn how to design studies that harness the strengths of both paradigms to provide a more holistic view of research questions.
- **Data Interpretation and Reporting:** Participants will be able to interpret the results of their analyses and present findings effectively. They will learn how to communicate quantitative results using graphs, tables, and statistical summaries, as well as how to present qualitative findings using narratives and quotes.
- **Ethical Considerations:** Participants will gain an awareness of ethical considerations in research, including issues related to participant consent, confidentiality, and data integrity. They will understand how to navigate ethical challenges in both quantitative and qualitative studies.
- **Practical Application:** Participants will learn how to apply research methods in real-world scenarios. They will be able to design research projects, collect and analyze data, and draw meaningful conclusions that contribute to evidence-based decision-making.

ABOUT THE COLLEGE

Sri Sivani College of Pharmacy was established in the year 2007 under the visionary management of Sri Sivani Educational Society, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh. The college is situated in the Eastern Ghats of Andhra Pradesh with a serene, beautiful atmosphere near NH-16, making it easily accessible by bus and local transport from Srikakulam town. The campus is spread across 2.56 acres of pollution-free, picturesque, lush green surroundings, creating the right ambience and conducive environment for quality education and research.

The college building is spacious and constructed as per All India Council for Technical Education (AICTE) norms and specifications and the Pharmacy Council Of India (PCI), New Delhi.

The college offers B. Pharmacy in UG and M. Pharmacy (PG) with three Specializations of Pharmaceutics, Pharmaceutical Analysis, and Pharmaceutical Regulatory Affairs. All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI) in New Delhi, and the Government of Andhra Pradesh recognize and approve these courses.

The institute's infrastructure includes well-equipped laboratories, a well-stocked library, spacious lecture halls, separate hostels for boys and girls, a hygienic canteen, a generous playground, payphones, computer labs, and language labs. These amenities collectively create an environment conducive to academic learning, offering students quality education in a clean and comfortable setting.

We are proud to feel that our product has achieved glorious, outstanding results in both the on-campus and off-campus selections and is in highly competitive positions.

QUALITY POLICY

Sri Sivani Educational Society committed to create quality professionals in order to meet emerging industrial and society needs through a system of quality assurance and to continuously address, monitor and evaluate the quality of education through an effective teaching and learning process.

OBJECTIVE OF THE PROGRAM

The objective of the One Day Seminar on Quantitative and Qualitative Research Methods is to equip participants with a comprehensive understanding of both quantitative and qualitative research methodologies. The seminar aims to enhance participants' knowledge and skills in selecting, designing, and conducting research using these methods. By the end of the seminar, participants should be well-prepared to choose the appropriate research approach based on their research questions, effectively collect and analyze data, and draw meaningful conclusions from their research findings.

The following are the main objectives of the seminar:

• **Understanding Research Paradigms:** Participants will gain a clear understanding of the fundamental differences between quantitative and qualitative research paradigms. They will learn the underlying philosophical assumptions, research goals, and types of questions each approach addresses.

• **Method Selection:** Participants will learn how to choose between quantitative and qualitative methods based on their research objectives, questions, and the nature of data they intend to collect. They will understand the strengths and limitations of each approach.

• **Research Design:** Participants will explore the components of research design, including formulating research questions, developing hypotheses, and defining variables. They will understand how to structure research studies to address their objectives effectively.

• **Data Collection Techniques:** Participants will be introduced to a range of data collection techniques for both quantitative and qualitative research. This includes surveys, experiments, interviews, observations, focus groups, and more. They will learn how to choose appropriate techniques for their research projects.

• **Data Analysis Methods:** Participants will learn about data analysis methods associated with both quantitative and qualitative research. They will understand how to analyze numerical data using statistical tools and software, as well as how to interpret and analyze qualitative data through coding, thematic analysis, and content analysis.

• **Enhanced Research Skills:** By the end of the seminar, participants will have honed their research skills and gained a deeper appreciation for the diversity of research methods available. They will be better equipped to design and execute rigorous research studies across various disciplines.

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar on Government Initiatives for Entrepreneurship in India: Policies and Support
RESOURCE PERSON	DR. SOUMENDRA DAS Associate professor Giet university Gunupur, odisha PHONE NO: 9490762686 EMAIL ID: saumendra@giet.edu
DATE OF ACTIVITY	14.03.2020
PROGRAMME COORDINATOR	Ms.M. Lakshmi Prasunna M.Pharm Sri Sivani College of Pharmacy
VENUE	SSCP SEMINAR HALL
ORGANISED BY	SRI SIVANI COLLEGE OF PHARMACY
NO OF PARTICIPANTS	36

Program Objective: The objective of the One Day Seminar on Government Initiatives for Entrepreneurship in India is to provide participants with a comprehensive understanding of the various policies, programs, and support mechanisms established by the Indian government to promote and foster entrepreneurship in the country. The seminar aims to equip participants with the knowledge and insights needed to navigate the complex landscape of entrepreneurship and leverage the available government resources effectively. Through this seminar, participants will gain a deeper understanding of how these initiatives work, their eligibility criteria, application processes, and the potential benefits they offer to aspiring and existing entrepreneurs.

Program Outcome: By the end of the seminar, participants will be able to:

1. **Understand Government Initiatives:** Gain a clear understanding of the different government initiatives, policies, and schemes designed to support entrepreneurship across various sectors.
2. **Identify Relevant Schemes:** Identify the most relevant government schemes based on their business idea, sector, and stage of entrepreneurial journey.
3. **Navigate Application Processes:** Navigate the application processes for different initiatives, understanding the required documentation, deadlines, and online platforms.
4. **Leverage Financial Support:** Understand how to access financial support through grants, subsidies, loans, and other financial incentives provided by the government.
5. **Access Incubation and Acceleration Programs:** Learn about incubators, accelerators, and innovation hubs supported by the government and how to get involved.
6. **Comprehend Regulatory Framework:** Gain insights into the regulatory framework governing entrepreneurship, including licenses, permits, and compliance requirements.

DR. SOUMENDRA DAS interacting and delivered his talk to students on 14.03.2020.
