N.H-16, Chilakapalem Jn., Etcherla Mandal, Srikakulam Dist - 532 402.

POLICY ON ENVIRONMENT AND ENERGY UTILISATION

The SSCP is managing energy in a systemic way to minimise its effect on environment. The policy aim is to search the renewable resources and to reduce burden for the government to search a new substitute natural resources, During the energy crisis. The environment and energy policy binds for the different components of the institution and also to the various activities undertaken by the institution.

The policy will help in creating environmental awareness in everyday activities. Thus helping us to know the responsibilities in the conversation of natural resources and its limited usage. The institute developed a platform to inculcate environmental awareness, green initiatives save energy and to protect the environment.

POLICIES:

- To estimate our energy usage and measure the impact on environment.
- To calculate Co2 release graduated by our college transportation vehicles.
- To reduce air pollution in the campus by using eco-friendly vehicles, like bicycles and use of pedestrian-roads.
- To install solar panels to generate alternative energy source.
- To install LED bulbs in the campus.
- To develop waste management procedures.
- To develop rain water harvesting unit.
- To undertake plantation programmes in the campus.
- To develop and maintain environmental protection system.
